The ideal professional must:

- Have experience with the range of dental hygiene procedures.
- Have excellent chairside manner and provide excellent clinical oral hygiene services, including periodontal charting, dental prophylaxis, scaling and root planning, sealant application, fluoride application, localized antibiotic placement, oral irrigation, and other hygiene services within the scope of the RDH license in Washington, DC.
- Have excellent oral and written communication skills.
- Possess the ability to multi-task and stay organized in a fast-paced environment.
- Have critical thinking skills and the ability to find solutions to challenges.
- Take ownership of daily tasks and approach each day with determination and confidence.
- Be punctual and be able to manage time.
- Have a strong desire to work with a diverse patient population of all ages.
- Be computer savvy – previous experience with Dentrax is a plus!
- Be passionate about providing the highest quality of care and take pride in the patient experience
